5.1 View Subjects for Course:

The screenshot shows a web browser window with the title 'Subject Dashboard' and the URL 'localhost:8080/Vault/subject'. The page has a black header with 'Learning Vault' on the left and 'admin: Logout' on the right. The main content area is titled 'Subject Details for Android Development'. It contains a table with three columns: 'SubjectId', 'SubjectName', and 'Teachers'. The table lists three subjects: 17 (Java), 20 (PHP), and 21 (Kotlin), each with a 'View' button. Below the table is a green 'Assign Subject' button and a 'Back' link.

SubjectId	SubjectName	Teachers
17	Java	<button>View</button>
20	PHP	<button>View</button>
21	Kotlin	<button>View</button>

Assign Subject
